

## **Dagon Cleansing Prayer**

In the Name of Jesus, I repent on behalf of myself on both sides of my family line all the way back to Adam for any agreement with the spirit of dagon and every spirit connected with it, including self-pity, lies, deception, reproduction, fertility, suicide, dismemberment, poverty, fruitlessness, mammon, etc.

In the Name of Jesus, I renounce the spirit of dagon and the 200 deities in his pantheon. I renounce the title Be-Dingir-Dingir, "Lord of the gods" and Bekalam, "Lord of the land" and his consort Belatu "lady", Baal, El, Derceto and every other god or goddess connected with them. I come out of agreement with the celebration of the festival of Beltane (May 1) and everything connected with it.

I renounce any connection with the temple complex E-Mul, "House of the Star" and any constellation affiliated with it including the boar constellation and the constellation Capricornus. I come out of agreement with the Babylonian fish god Oannes, the Egyptian grain god Osiris, and Pan.

I repent and come out of agreement for idolatry and pride connected with self-pity.

I loose and come into agreement with truth, multiplication, life, favor, and fruitfulness in Jesus Name. I ask that You would cover me in Your Blood, Lord and fill me with your life and protection. In Jesus Name. Amen
