

Trail of Tears (Prayer to Heal Trauma)

Heavenly Father, in Jesus Name, I forgive from my heart the United States government for the suffering inflicted on my ancestors by uprooting them from their homes, stripping them of their dignity, and causing many to die of starvation and disease.

Some were forced to walk bare foot in the snow until they died of exposure. I repent for all unforgiveness toward any persons involved in this atrocity, in Jesus Mighty Name.

Today, I choose to forgive all those involved in the American Indian Removal known as the "Trail of Tears"

I let the American government go free.

I now release blessings to this country in Jesus Name.

Please make me a blessing to this country in Jesus Name.

Deliverance Minister Part:

In the Name of Jesus, I pull up the trauma of the Trail of Tears out of you now. I pull off the chains and bondages that came with this curse. I pull off all the shame, rejection, discouragement, heaviness, anger, and valuelessness and send this to the dry places in Jesus Name.

By the power of the Blood of Jesus and the authority of Jesus Christ, I command any demons assigned to you through this trauma to go to the dry places now and never return.

I pull up the iniquity of this trauma out of your DNA. Trauma come up in Jesus Name.

Keep praying until you sense it come up.

Pray and ask Jesus to heal where this trauma has been.

I decree that it will no longer affect you in any way
